“ I must say how saddened I am to find your obituary this morning, Christmas morning no less. I had no idea you had gone home to be with the Lord. I have loved you for years and missed you so much when you moved back home. I will cherish my memories always, even the one's from Today's Man when I hired you. The posted picture is from my visit to see you, it seems like only yesterday. Rosalie, thank you for everything you did for me through the years and for treating me like your daughter. I love you. Rest in peace my dear friend!

To Dolores and family, I'm so sorry and please know my thoughts and prayers are still with you all.

Love  
Cheryl
