“ Our deepest condolences to all of you. Vida Pearl was a little trooper, and fighter she woke up with the most beautiful expressions on her face and everyday she gave the world hope. Everyone who followed her journey knows how precious she was. Her smile lit up the the room and she gave the us such beautiful memories in such a short life memories that will be cherished forever. I looked forward for updates and seeing her on my screen I wanted to just hold her and sing her lullabies. I felt so blessed being one of the first to receive her photo and I had to rub it in to the others. She will forever be etched in my heart and I know her suffering is now over and she is in heaven with all the other little Angels playing in the fields of daisies with Jesus so that I will take with me everyday knowing she is in his hands. May you all find comfort in that as well. I love you all and my heart aches along side of yours. RIP Sweet baby girl VIDA PEARL
